

551 Series Lineman's Belt

Jelco created the 551 Series Lineman's Belt for those that want the convenience of 4 D-Rings, yet the old-school practicality of a tongue buckle belt. This series of belts features a double tongue buckle connection point. The position of the 4 D-Rings provide ease of use while using a wood pole fall restricting system. This belt comes in two material options; an all leather interior and exterior construction and an option featuring exterior leather with the interior constructed of a moisture wicking material. We offer this belt in black and caramel.
